Introduction

ECONecta is dedicated to boosting and promoting responsible tourism in Southern Mexico. **Immerse yourself in the secrets of nature, share with the local communities, and become a part of their rich culture and traditions!**

At **Casa del Morpho**, a sustainable project dedicated to the preservation of diurnal butterflies, you can learn to make **beautiful handmade pieces that capture the essence of these stunning creatures**. By using responsibly sourced and recovered materials from the jungle, Casa del Morpho not only creates unique products but also promotes the conservation of the environment and the responsible use of natural resources. Join their workshops and contribute to a more sustainable and socially responsible future.
